General Provisions

1. The acceptance of the permit by the grantee constitutes an agreement that the movements will be made strictly in compliance with the terms set forth in the permit.
2. This permit is effective only insofar as the Department has jurisdiction and does not release the grantee from complying with other existing laws which may apply to the movements.
3. This permit is for movement only of the vehicle and load described. Axle loading and gross weight specified in the permit will not be exceeded. This permit is not to be used to transport materials or load different than that described herein.
4. If required, the permittee must have an Access Permit for the crossing or crossings listed. Such permits must conform to the Policy on Permits for Access Driveways to State Highways dated January 1964 or as subsequently amended.
5. All conditions of operations specified in the Access Permit relative to the crossing shall apply. The time of movements, the traffic controls and the traffic control devices necessary will be specified in the SPECIAL CONDITIONS OF OPERATION unless specified in the Access Permit.
6. The Access Permit may also include the amount and kind of security to insure payment for damage to highway facilities resulting from the movement and is to be furnished by the permittee. If not, requirements will be established by the Department and included in the SPECIAL CONDITIONS OF OPERATION.
7. Section 15-303 of the Code authorizes the Department to collect an issuance fee of \$10.00 for each special vehicle movement permit; Section 15-309 authorizes the Department to collect a fee of \$5.00 for each vehicle or combinations utilized in the operation; and Section 15-311 authorizes the Department to collect a fee for engineering inspections and field investigation or if subsequent alterations in the crossing are found necessary by the permittee.
8. The grantee assumes all responsibility for injury to persons or damage to public or private property, including his own, or the object being transported, caused directly or indirectly by the transportation of vehicles or objects authorized under this permit. The grantee agrees to hold the State of Illinois harmless from all suits, claims, damages or proceedings of any kind and to indemnify the State of Illinois for any claim it may be required to pay arising from the movement.
9. The driver of the vehicle shall have the permit in his possession during the progress of the movement and shall show said permit, on demand, to any police officer or authorized employee of the Department.
10. This permit may not be extended or transferred.
